Principal's Message

Dear students,

Hearty welcome to you in Gobindgarh Public College; a splendid Temple of Learning. I am happy to learn about your keenness for joining our college.

Here I wish to share that through one eventful decade of its history, Gobindgarh Public College has celebrated the quest for expanding landscapes of learning. Today, it is recognized as a centre of excellence that nurtures intellectual and academic striving, vibrant extra curricular activities, outreach initiatives and civic engagement.

This is a place not only of teaching but collaborative scholarship reinforcing a very special interaction between students and faculty. Here students enjoy a good deal of freedom in shaping their academic experience. The college invites distinguished experts to speak on various issues to update the knowledge of students and motivate them to be confident in life and to be gender and disability friendly.

Gobindgarh Public College while emphasizing the humanities, Computer science, Commerce and Bussiness Administration offers a unique combination of resources in a space that provides unusual intellectual and cultural opportunities. The experiential motifs that enrich this tapestry harmonize collective institutional responsibility with democratic space and combine challenge with encouragement.

GPC is a community that continually reflects and introspects on the quality of its engagement and its commitment to innovation. A community of inspired faculty and talented students learn and grow together to shape a dynamic energy field. The imperatives of the global and the local are imaginatively and sensitively blended even as best practices are crafted. There is a palpable sense of the urge to participate in processes that usher in a new and more humane world.

Recently NAAC has awarded Grade 'B' to college which is powerful testimony to the fact that imparting quality education has always been our Noble aim.

The future belongs to you my dear students and you need therefore, to prepare yourself for an active participation in the world. This participation demands that you become well informed, develop yourself like a pioneer and ultimately grow as responsible men and women. .. Always remember

Education is a companion which
No misfortune can depress
No crime destroy
No enemy alienate
No despotism enslave
At home a friend
Abroad an introduction
In society an ornament
Without it what is Man?

VISION OF GPC

To be a centre of excellence with value based education for the upliftment of rural & urban youth through societal responsiveness and by fostering global competencies.

Mission of GESWT

Gobindgarh Educational & Social Welfare Trust is committed to EXCELLENCE in the provision of value based education through various institutions. This commitment shall reflect in our comprehensive programmes, educational services to students, professionalism of Faculty & Staff and a regimented campus discipline.

We happen to be harbingers of quality and high class education. True education is training of both the head and the heart. Intellectual education influences the head, value based education influences the heart. We believe in education that builds fundamental traits of character such as honesty, compassion, courage, discipline, persistence and responsibility. What a broad based education really means is that the students are prepared for life, without losing their area of specialization or competence. We are committed to produce noble and knowledgeable citizens who have a strong National character, a universal outlook and the passion to serve mankind.

We shall encourage and recognize EXCELLENCE: in learning as the principal pursuit of our students; in teaching as the principal pursuit of our faculty; and in serving as the principal pursuit of our administration and management. Our commitment to EXCELLENCE shall be sustained by continuous self-renewal and self-appraisal, which will enable us to be innovative, efficient and effective leaders among our peer institutions of the region.
