About Us

Gobindgarh Public College, Alour (Khanna), an institute of higher learning, is established by Gobindgarh Educational and Social Welfare Trust, Mandi Gobindgarh, to impart quality education and brace the youth with empirical knowledge to cope up the challenges of the world. The trust members belong to various walks of life viz. industry, administration, philanthropy, entrepreneurship, engineering having a zealous spirit. They have a cosmopolitan, democratic, secular, national and progressive outlook. The multi-faceted personalities, with rare qualities of head and heart, intertwined themselves to serve the people of the Steel Town and the surrounding areas since 1977. It's a non-profit organization that runs two other institutes—GPS & PIMT. The long cherished dream of the trust became a reality on September 29, 2003, when the new campus building of Gobindgarh Public College, Alour (affiliated to Panjab University, Chandigarh) was inaugurated by Hon'ble Dr. K.M. Pathak, the former Vice Chancellor of Panjab University on the Silver Jubilee Foundation Day of the trust. It was the day when Gobindgarh Education and Social Welfare Trust came into being 25 years ago. The college is awarded & accredited with Grade 'B' by NAAC, Bengaluru.

About the Seminar

A socio-economic and political analysis of Green Revolution is the need of the hour, as this revolution had been a life changing event in the cultural history of Punjab. Perhaps it was green revolution alone that has left the lasting impact upon the psychological and philosophical aspects of Punjabi culture and life style fundamentally. These effects have been so intricate and multi-dimensional that an ordinary Punjabi could not even understand this subtle change. Many problems have erupted in post green revolution Punjab and the solution of all these problems look a distant dream. Hence, there is need of comprehensive study on this issue so that Punjab can be saved from the various grim consequences of the revolution. The present seminar is a step toward comprehending this problem and to suggest the way out to diagnose these problems.

Call for Papers

Original research papers are invited for presentation in the seminar. Abstracts are to be sent by 20th February, 2019 along with Registration Form and full length papers by 28th February, 2019. Abstract and full paper are to be sent to gpcconference@gmail.com. Papers related to the main theme of the seminar will be accepted for presentation.
