About Seminar

Higher Education Institutions (HEIs) play the most critical role in providing high-quality education and holistic development opportunities to the students, which is crucial for the growth of a nation. There are numerous accreditation agencies to accomplish this goal. Unlike other ranking frameworks limited to few institutions, NAAC is reaching almost all the Higher educational institutions (HEIs) and playing a vital role in the growth of the institutions and individuals across the nation.

The present National Education Policy of India 2020 (NEP 2020) aims at school and higher education institutions both realising the vision of new education system of India. The National Education Policy 2020 was approved by the Union Cabinet of India on July 29, 2020. The new NEP 2020 is based on four pillars which are Access, Equity, Quality and Accountability. This national seminar is an attempt to share and discuss the applicability and implementation of NEP 2020 effectively in the educational institutions across India. NAAC accreditation enables HEIs to assess their strengths, weaknesses, and opportunities through an informed review process. As quality enhancement is dynamic, NAAC periodically reviews its evaluation and accreditation process by modifying various quality indicators. In this regard, organizing a seminar, which enables the institutions to prepare for the assessment as per the Revised Framework of NAAC in the challenging scenario of National Education Policy is critical. During this seminar participants will get opportunity to interact with the resource persons. This seminar will also provide a platform to participants for sharing their views and suggestions for the smooth and successful conduct of Assessment and Accreditation Process in the regime of National Education Policy.

The multi-faceted personalities, with rare qualities of head and heart, inter-twined themselves to serve the people of the Steel Town and the surrounding areas since 1977. It's a non-profit organization that runs two other institutes- GPS & PIMT.

The long cherished dream of the trust was fulfilled on September 29, 2003, when the new campus building of Gobindgarh Public College, Alour (affiliated to Panjab University, Chandigarh) was inaugurated by Hon'ble Dr. K.N Pathak, the former Vice Chancellor of Panjab University on the Silver Jubilee Foundation Day of the trust. It was the day when Gobindgarh Education and social Welfare Trust came into being on its Silver Jubilee.

About Us

Gobindgarh Public College, Alour (Khanna), an Institute of Higher Learning, is established by Gobindgarh Educational and Social Welfare Trust, Mamli Gobindgarh, to impart quality education and brace the youth with empirical knowledge to cope up the challenges of the world. The trust members belong to various walks of life viz. industry, administration, philanthropy, entrepreneurship, engineering having a zealous spirit. They have a cosmopolitan, democratic, secular, national and progressive outlook. The multi-faceted personalities, with rare qualities of head and heart, inter-twined themselves to serve the people of the Steel Town and the surrounding areas since 1977. It's a non-profit organization that runs two other institutes—GPS & PMT. The long cherished dream of the trust became a reality on September 25, 2003, when the new campus building of Gobindgarh Public College, Alour (affiliated to Panjab University, Chandigarh) was inaugurated by Hon'ble Dr. I.B. Patil, the former Vice Chancellor of Panjab University on the Silver Jubilee Foundation Day of the trust. It was the day when Gobindgarh Education and Social Welfare Trust came into being 25 years ago. The college is awarded & accredited with Grade 'B' by NAAC, Bangalore.

About the Seminar

A socio-economic and political analysis of Green Revolution is the need of the hour, as this revolution had been a life-changing event in the cultural history of Punjab. Perhaps it was green revolution alone that has left the lasting impact upon the psychological and philosophical aspects of Punjab's culture and life style fundamentally. These effects have been so intricate and multi-dimensional that an ordinary Punjabi could not even understand this subtle change. Many problems have erupted in post green revolution Punjab and the solution of all these problems look a distant dream. Hence, there is need of a comprehensive study on this issue so that Punjab can be saved from the various grim consequences of the revolution. The present seminar is a step towards comprehending this problem and to suggest the way out to diagnose these problems.

The inferrence to this statement lies in one title: "Gender Equality and Women Empowerment". The aim of this National Seminar is to focus on the issue of gender inequality that still persists in various fields, places in this nation and also look towards a better solution to this problem that can trigger social change and allocate the resources that are necessary for gender equality and women's empowerment. The concept of women empowerment aims to consider the importance of women rights in various fields and the strategies that may be adopted to protect and promote her freedom, allowing her equal and full participation in societal activities. Over these decades, various positive changes could be seen in the position of women fraternity especially her role outside domestic i.e. in education, health, politics, business, media, sciences etc. This Seminar aims at fostering equality on gender basis to achieve not only a common goal in itself but also to attain economic, social, political development of the nation. The consideration takes into account different needs of both men and women and working towards it for sustainable development. The college endeavors to promote the concept of gender equality and women empowerment that are two sides of one coin i.e. socio-economic development.
