ABOUT US

The College was established by Gobindgarh Educational & Social Welfare Trust, (GESWT) in the year 2003 with the objective to provide excellent opportunities for comprehensive and quality education to the people of steel town and its surrounding areas. It has large beautifully designed campus spread over seven acres of land. This is a co-ed institute permanently affiliated to Panjab University, Chandigarh. The College has been recently **Accredited & Awarded Grade 'B' by NAAC.**

This institute is fortunate enough to have GESWT and college Managing Committee comprising members with wide vision, pragmatic approach and innovative ideas under the able and intellectual guidance of Sh. Vimal Vinod Bansal President GESWT, Sh. Anil Agrawal Secretary, Sh. Ranjeev Bhatia Chairman GPC. Since its inception the college has progressed by leaps and bounds in academic, sports and cultural activities and thus even in a short span we have potential to compete with the best colleges of Panjab University Chandigarh.

ABOUT THE SEMINAR

This seminar will provide us with a valuable opportunity to exchange views and experiences in our efforts to promote quality assurance in higher education. Quality makes education relevant towards the individual and societal development. Universities and colleges, in the contemporary world, are focused upon implementing quality assurance mechanisms in order to ensure that students receive quality education and the proficiency attained by the learners is widely recognized. Essentially, quality assurance aims to provide appropriate evidence to substantiate claims made about quality and so as to enable the stakeholders to get acquainted about the management of quality and the level of outcomes achieved. Quality assurance serves to contribute to improved teaching and administrative processes and achieve a better education system. It will also encourage the participants to discuss how to strengthen the endeavors so as to achieve a higher education system that is not only of higher standards, but also one that will better prepare our pupil for all the challenges of the new century and the new millennium. We believe that by providing a common platform to share experiences, emulation of several successful practices visualized and carried out by one institution can be promoted by another. We thus have no doubt that this seminar would be able to help all the participants in approaching the common goal of bringing and sustaining quality in educational institution in our country.
