ABOUT US

The College was Established by Gobindgarh Educational & Social Welfare Trust, (GESWT) in the year 2003 with the objective to provide excellent opportunities for comprehensive and quality education to the people of steel town and its surrounding areas. It has large beautifully designed campus spread over seven acres of land. This is a co-educational institute permanently affiliated to Panjab University, Chandigarh & enlisted under to 2F & 12 (B) by UGC, New Delhi. The College has been Accredited & Awarded Grade 'B' by NAAC.

This institute is fortunate enough to have GESWT and college Managing Committee comprising members with wide vision, pragmatic approach and innovative ideas under the able and intellectual guidance of President GESWT, Secretary, Treasurer & Chairman GPC.

Since its inception the college has progressed leaps and bounds in academic, sports and cultural activities and thus even in a short span we have potential to compete with the best colleges of Panjab University, Chandigarh. REGISTRATION

ABOUT THE SEMINAR

This seminar will provide us with a valuable opportunity to exchange views and experiences in our efforts guality practices in rural institutes of higher

Quality makes education more relevant of its social tive and individual development role

Universities and colleges throughout the world today are focused upon designing and implementing new guality practices in order to ensure that students receive high quality and relevant education and the degrees and diplomas thus attained by the learners are widely recognized recognition is seen to be essential not only by national ents and employers but also by other unive lovers internationally. Quality initiatives in high education can be defined as systematic manage ment and ment procedures adopted by higher nstitutions and systems in order to monitor performance against objectives, and to ensure achieve outputs and quality improvements. Quality practices will contribute to improved teaching and administrative processes and help disseminate best practice, leading to system improvement. Besides reflecting nt to achieve a better education system, It will also the participants to discuss how to further hen our co-operative endeavors so as to achieve a ducation system (in reference to rural & educational titute) that is not only of higher standards, but also one that will better prepare our peoples for all the challenges of the new century and the new Millennium. We believe that by providing a common platform to share experiences, emulation of several successful practices visualized and carried out by one institution can be promoted by another. We thus have no doubt that this seminar would be able to help all the participants in approaching the common goal of bringing and sustaining quality in educational institution, especially one with rural population, in our country.
