## Best Practices Session-2022-23

### Best Practices-1

**Title of the Practice-** Social Awareness by N.S.S. Unit through village adoption (**Village-Manak Majra**)

**Objectives of the Practice:**

- *By adopting a village, to maintain consistency in conducting social activities and also to get desired results.*
- *Sensitizing students for paying back to society.*
- *To develop organizational and communication skills among the students.*

**The Context:** Owing to lack of information, ignorance and outreach awareness programs, life of these villagers is still encircled by various problems. Illiteracy, health issues related to unhygienic living conditions, superstitious outlook, adherence to traditional modes of farming, negligence towards banking system etc. are some of the issues restraining the progress of the villagers that compelled us to organize an awareness program specially targeting these issues to bring about a change in outlook of the villagers. Moreover, such targeted activities would surely be helpful in sensitizing the students to pay back to society and to develop some of the vital skills among them.

**The Practice:** N.S.S. volunteers conducted a specific survey to collect the responses from the villagers of Manak Majra village highlighting their life style and outlook. The analysis of the outcome of the survey helped in selecting the topics of discussion and interaction with the villagers that provided a base for organizing an awareness Program. NSS volunteers, apart from performing their routine activities, started communicating, interacting with the villagers to enhance their participation in the lectures and other activities organized for them. • Need of conservation of biodiversity and medicinal plants were explained to the villagers by Dr. Mandeep Singh (NSS program (Officer) followed by information exchange session. A special training session on Yoga and Pranayam to highlight its significance to improve the life style was conducted. HIV AIDS, Drug abuse and First aid awareness program was also organized. NSS Volunteers and the staff members along with the villagers carried out a cleanliness drive lasting till the end of the Program.

**Evidence of Success:** A change in villagers' attitude towards cleanliness was clearly evident. Calls and invitations were received from the villagers to the college to organize more training and guidance sessions on Yoga and Pranayam. The participated students appeared more sensitized and motivated as their participation in other social activities, conducted by college enhanced. The organizational skill among the students appeared to be enhanced while organizing various programs in the college.
